NAMAN GUPTA

STUDENT DEVELOPER · SOFTWARE & WEB DEVELOPMENT

India | GitHub | LinkedIn | LeetCode

PROFILE

Class 12 ISC student at City Montessori School with hands-on experience building both frontend and backend components for web-based projects. Interested in software engineering, problem-solving and user-focused digital products. Currently strengthening data structures and algorithms in Java.

EDUCATION

City Montessori School **Expected 2027**

Indian School Certificate (ISC) · Class 12

SELECTED PROJECTS

Pet Community Platform

GradCircle Innovation Challenge · Technology Track

- Built the frontend and backend for a web-based pet community platform.
  - Worked across the product's user-facing experience and server-side implementation.

Civic Issue Reporting Platform

GradCircle Innovation Challenge · Final Round

- Contributed across frontend and backend development for a civic workflow platform concept focused on reporting, tracking and resolving local issues.
  - The problem space included issues such as waste overflow, damaged infrastructure and water shortages.

ACHIEVEMENTS & COMMUNITY

4th Place — GradCircle Innovation Challenge · Represented CMS Mahanagar in the Technology Track.

HackMates · Organises a WhatsApp community that helps students connect with potential teammates for hackathons.

TECHNICAL SKILLS

Programming: Java, Python **Web:** HTML, CSS **Focus:** Data Structures & Algorithms, frontend and backend development

PROBLEM SOLVING

140+ LeetCode problems solved · Practising data structures and algorithms using Java.
